Troubleshoot:

Not Starting:

- Step 1: Make sure Infinity Gloss Pro is connected to 3 pin plug electricity.
- Step 2: Any hairs stuck or dust around device?
 - If so, first un-plug the device, remove all hairs and dust.
 - Re-plug it again to use it.
- Step 3: Is bright Blue Light visible at the tip of the device?
 - If so, you need to un-plug for at least 4 minutes before you plug again. With this you are good to operate back.
- Step 4: Do you small see Red Light at the tip of the device but not starting.
 - If so, press and hold small round button for 10 seconds – this should re-start and turn into Green Light.
